

Congratulations on the purchase of your  
L-Banner Table Top Banner Stand.

**STEP 1:**

Remove all parts from storage bag.

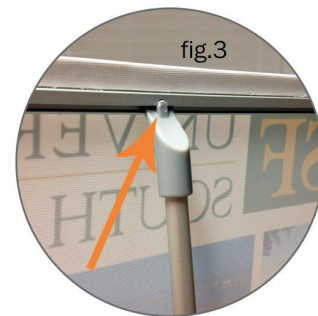

- 1) 2-section Pole
- 1) Printed Rolled Banner
- 1) Weighted Base

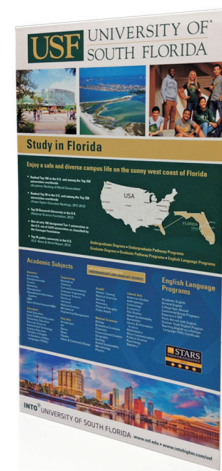

**STEP 2:** Place base on table. Unroll banner and lay banner graphic side down on table. Put 2 section pole together and lay on table.

**STEP 3:** Tilt bottom banner rail and insert weighted base into slot in banner rail. (see fig.1).

**STEP 4:** While holding pole and top of banner, tilt banner rail (see fig. 2) and insert top of pole into center notch located on back side of top banner rail (see fig. 3).

**STEP 5:** Finally, flex pole to insert into hole in weighted base. *\*It's ok to bend and flex the pole. The pole will curve and not remain straight when set-up.*
