

Custom Kiosk

INCLUDED ITEMS:

- 2 x Curved side profile tubes
- 1 x Pre-assembled top tube
- 1 x Pre-assembled face tube
- 2 x Straight horizontal tubes
- 2 x Pre-assembled leg tube
- 1 x TV mounting bracket
- 1 x Printed Graphic
- 1 x TOOLKIT
 - 1 x Phillips screwdriver
 - 4 x Phillips screws
 - 2 x Pairs of gloves - to protect graphic

FRAME ASSEMBLY:

- 1 - Assemble all bungee-corded tubes as shown on diagram by rotating until spring lock snaps in place.
- 2 - Lay out frame pieces on floor according to diagram.
- 3 - Starting with connection A and continuing through D, attach the pre-assembled top and face tubes to the curved side profile tubes. Rotate until spring lock snaps in place.
- 4 - Starting with Screw 1 and continuing through Screw 4 attach the straight horizontal tubes to the frame as shown on diagram.
- 5 - Wearing the gloves provided, slide the fabric graphic pillowcase over frame starting at the face tube, pulling evenly along sides of frame.
- 6 - Align fabric so leg support fittings are accessible through holes of fabric and zip closed at top.
- 7 - Attach the pre-assembled leg tube to the frame at connections labeled E and F.
- 8 - Attach the TV mounting bracket to the frame as shown on diagram.
