

TENSION FABRIC SYSTEM

Premium fabric tension pop up display

V-Burst Series

The VBurst™ is our premium custom printed tension fabric pop-up system. This stretch fabric pop up display is #1 in trade show displays today. In just minutes this rugged round aluminum extruded pop up framing can be set up and ready for display in no time. Also, the framing carries a Lifetime warranty against any manufacturing defects. The VBurst™ is an extremely high quality portable stretch fabric pop up system that also comes complete and ready to use with its fabric graphic already attached to the frame using Velcro. When the VBurst™ is set up, the graphic unfolds with the aluminum frame and stretches to form a completely smooth image across the entire display. With its wrinkle resistant properties you can easily care for and store your graphic. Plus, the framing carries a Lifetime warranty against any manufacturing defects.
